Pace Junior Science College , Borivali

Seminar 2 Topic	Roll No										
13. Renewable Energy	101	115	129	147	161	175	189	203	311	601	616
14. Biofuels	102	116	130	148	162	176	190	204	312	602	617
15. Recycling of waste material	103	117	135	149	163	177	191	205	313	603	618
16. Solid waste collection and handling	104	118	136	150	164	178	192	206	314	604	619
17. Ground water level	105	119	137	151	165	179	193	301	315	605	620
18. New emerging disease	106	120	138	152	166	180	194	302	316	606	621
19. Green – surrounding as on important part of human well - being	107	121	139	153	167	181	195	303	317	608	
20. The quality of water and soil affect the lost of farming	108	122	140	154	168	182	196	304	318	609	
21. Effect of soil pollution in farming	109	123	141	155	169	183	197	305	319	610	
22. Organic agriculture	110	124	142	156	170	184	198	306	320	611	
23. Forest conservation	111	125	143	157	171	185	199	307	321	612	
24. Possible ways to reduce river pollution	112	126	144	158	172	186	200	308	322	613	
25. Importance of solar and wind energy	113	127	145	159	173	187	201	309	323	614	
26. Danger and health impact of tobacco
