

Pace Junior Science College , Borivali

Seminar 2 Topic	Roll No												
13. Renewable Energy	101	115	129	143	157	171	185	199	213	227	241	311	325
14. Biofuels	102	116	130	144	158	172	186	200	214	228	242	312	326
15. Recycling of waste material	103	117	131	145	159	173	187	201	215	229	243	313	327
16. Solid waste collection and handling	104	118	132	146	160	174	188	202	216	230	244	314	328
17. Ground water level	105	119	133	147	161	175	189	203	217	231	301	315	329
18. New emerging disease	106	120	134	148	162	176	190	204	218	232	302	316	330
19. Green – surrounding as on important part of human well - being	107	121	135	149	163	177	191	205	219	233	303	317	
20. The quality of water and soil affect the lost of farming	108	122	136	150	164	178	192	206	220	234	304	318	
21. Effect of soil pollution in farming	109	123	137	151	165	179	193	207	221	235	305	319	
22. Organic agriculture	110	124	138	152	166	180	194	208	222	236	306	320	
23. Forest conservation	111	125	139	153	167	181	195	209	223	237	307	321	
24. Possible ways to reduce river pollution	112	126	140	154	168	182	196	210	224	238	308	322	
25. Importance of solar and wind energy	113	127	141	155	169	183	197	211	225	239	309	323	
26. Danger and health impact of tobacco consumption	114	128	142	156	170	184	198	212	226	240	310	324
